

Poster Presentation Topics

	Presenter	Title of Abstract
PANEL 1		
1	Claudia Fernandez de Cordoba Farini	From 'Anthropocene' to 'Planetary Boundaries': how do buzzwords frame and shape responses to health and environmental crises?
2	Goh Yi Sheng	Unlocking The Value of Fishing Village Through 8i Ecosystem Analysis
3	Angel Kennedy	Coming together as a whole: Lessons from connecting across sectors, cultures, and contexts to elevate efforts for planetary health
4	Carlos E. Sanchez-Pimienta	How can you foster planetary health in an environmental inferno? Learning from the Xonacatlán Indigenous Council in Mexico through Indigenous storywork and ethnographic methods.
5	James Chrispin Mushi	Nutritional consequences of climate change and associated treatment outcome in children with severe acute malnutrition admitted to a tertiary hospital in Mwanza, Tanzania.
6	Agan Leonard	Planetary Health Visibility in Kenya: The Role of Campus Ambassadors
7	Dr. Adnan Arshad	Vulnerability assessment of urban expansion and modelling green spaces to build heat waves risk resiliency in Karachi
8	Júlio Deuner Konrath	"FRILUFTSLIV-POA22": EDUCATION FOR SUSTAINABILITY and PLANETARY HEALTH IN THE MEGACITY PORTO ALEGRE-BR.
9	Júlio Deuner Konrath	Operationalizing the One Health Approach Through Participatory Action Research
10	Mohd Hanif Jainlabdin	EARTHLING: Early Childhood Planetary Health Learning Programme
11	Pang Lor, Melissa Thone, Kent Boyd	Journey to Resilience: Nursing-led Community Projects and Partnerships
12	Saori Kashima	Community-oriented practice for Planetary Healthy Aging: A project to develop the comprehensive indicator
13	Winfred Espejo	Planetary Health Outreach Activities: Culinary laboratory and Painting Course
14	Dr. Syahrul Nellis	Heat Literacy and Adaptation among Semi-rural Community in Malaysia
15	Kaoruko Seino	Social interactions and heat stress mitigation among elderly people in a Healthy City
16	Hector Gabriel Corrale de Matos	Planetary health through Wikimedia projects: descriptive analysis of a gateway for an internet-based approach in education and dissemination
17	Nicole Redvers	Batwa Indigenous Peoples forced eviction for "Conservation": A qualitative examination on community impacts
18	Siwakorn Odochao, Victoria Pratt	Rotational farming, a slow approach to community health
19	Suman Dhun Shrestha	Strategies to Engage Grass-root Workers in Waste Reduction and Segregation towards Circular Economy Transition
20	Yinmi Gabriel Oladeji	POOR AND PROPER SOLID WASTE MANAGEMENT PRACTICES IN RURAL AND URBAN MUNICIPALITIES IN NIGERIA: A STUDENT ENGAGEMENT PROJECT

Poster Presentation Topics

	Presenter	Title of Abstract
PANEL 2		
1	Janaka Jayawickrama	Ancient Pedagogical Approaches from South Asia to Facilitate Contentment, Humility, and Inclusivity: Transforming Education for Human and Planetary Health
2	Mohd Hanif Jainlabdin	Planetary Health Education For Sustainable Health System: From Perspective of IIUM Healthcare Academicians
3	Paula Regina Humbelino de Melo, Tatiana Souza de Camargo	The perception of riverside students about mining in the Southern Amazonas State
4	Niñoval Flores Pacaol	The In(visibility) of Planetary Health Integration in Philippine Basic and Higher Education: Musings of Filipino Teachers
5	Cindy Xie	"Cultural Transformation for Planetary Health": The Co-Creation of a Campus Movement through Participatory Convening and Dialogue
6	Dr. Sushi Kadanakuppe	The Planetary Health Student Club - Dental Students meet Climate Consciousness
7	Eva-Maria Schwienhorst-Stich	The SOPHEA Planetary Health Education Toolbox – a resource for strengthening education on the connections of climate, environment and health
8	Janna Radi Mohamed	Enhancing Planetary Health Education through Online Global Classrooms: a case study of Kenya and Canada
9	Mateus de Souza Ribeiro	Blue Dot Exhibition: An Online Project in Planetary Health Scientific Outreach
10	Nelzair Araujo Vianna	Assessment of the level of knowledge on Planetary Health among medical students in Salvador, Bahia, Brazil
11	Winfred Espejo	Literary Activity: Environmental Transformation to Make Environmental Impacts Visible
12	Winfred Espejo	Implementation of a Planetary Health Course for Undergraduate and Graduate Students at the Universidad de Concepción, Chile.
13	Mehran Behjati	Federated Learning for Environmental Monitoring: Concepts, Challenges, and Future Directions
14	Fiona M. Hanley	Nursing Toolkit for Planetary Health
15	Kent Boyd	Nursing Climate Resources for Haealth Education (N-CRHE): Bridging the Gap between Assessment and Action.

Poster Presentation Topics

	Presenter	Title of Abstract
PANEL 3		
1	Nelzair Araujo Vianna	Climate changes and effects on the global Age-Friendly City strategy
2	Paula Regina Humbelino de Melo, Tatiana Souza de Camargo	Water Crisis and Planetary Health: Dialogues with Riverside Students in Southern Amazonas
3	Paula Regina Humbelino de Melo, Tatiana Souza de Camargo	Biocultural Memory and Planetary Health: A study of nature perception among riverside students in the Brazilian Amazon
4	Sara L Warber	"Thrive! Healthy People – Healthy Planet:" An International Health Center-based Photography Exhibition Expands Understanding and Invites Action
5	Winfred Espejo	The Implementation of the Toxicology and environmental health for Undergraduate at the Universidad de Concepción, Chile.
6	Teow Hui Hui	Bridging the Green Education Divide: A Comparative Case Study Analysis of ASEAN Countries
7	Doris Zjalic	PERSIST: a pre-post study to assess an educational methodology to enhance youth climate literacy and systems thinking ability
8	Eva-Maria Schwienhorst-Stich	Effects of the SOPHEA Planetary Health Summer School 2022 & 2023 on participants emotions, attitudes, learning successes and motivation to act - a pre-post survey
9	Alice M. L. Li	Ecological Public Health: Sustainable Caring Praxis for Planetary Health Nursing
10	Camila Sacchelli Ramos	Promotion of health and academic success to undergraduate students: an educational program focused on planetary health fundamentals
11	Daniel Smith	Interdisciplinary Planetary Health Courses: Challenges and Successes in Engaging Learners
12	James Chrispin Mushi	Planting the seeds of planetary health - Integrating planetary health at universities and higher learning institutions in Tanzania through University Planetary Health Clubs and Planetary Health campus ambassador program
13	Sim Tze Ying	Implementation of unplugged computational thinking activities to increase the interest and skills in programming
14	Paula Regina Humbelino de Melo, Tatiana Souza de Camargo	Biodiversity or ultra-processed food? An analysis of school meals offered in a riverside school in the Brazilian Amazon
15	Lisanne Kouwenberg	Integrating Planetary Health Education into the Master's Medical Curriculum: A Case Study from the University of Amsterdam
16	Mitsuo Sase	Grassroots effort for sustainable healthcare in Japan by using The Planetary Health Report Card

Poster Presentation Topics

	Presenter	Title of Abstract
PANEL 4		
1	Joanne Newbury	Association of early-life air and noise pollution exposure with youth mental health: Findings from the ALSPAC cohort
2	Juliane Mirow	Green Health: How to Decarbonise Global Healthcare Systems
3	Aaliya Aaliya	Health Impacts from Changes in Climate and Land Use Patterns in Earthquake-Impacted Siranchok Rural Municipality of Gorkha, Nepal
4	Dr Sanjay Kini B	Knowledge, attitude and practice of physicians and nurses towards monkey pox in a tertiary care hospital in Kochi, Kerala, India: a neglected tropical disease
5	Cardwell	'The earth, the heavens, the mountains, and the camel': A photoethnographic study of the relationship between the Bedouin and their camels in the context of zoonotic disease risk
6	Aminat Olaitan Adebayo	Nature's Healing Touch: Exploring Psychological and Emotional Benefits of Immersion in the Natural Environment
7	Camila Sacchelli Ramos	Sociodemographic factors and its correlation with communicable diseases in the city of São Paulo/ Brazil: an observational study.
8	Elise Pohl	Examining local and global public health impacts of atmospheric and airborne emissions from US-based CAFO waste: A scoping review
9	Daniele Clementino Ponciano Ferreira	Climate change and anxiety: a scoping review of eco-anxiety
10	Connie Gan	CORE-STEP: Advancing Innovative Knowledge-based Solutions for Inclusive and Climate Ready Primary Health Care Systems
11	Gaia Surya Lombardi	Pro-environmental behaviours and eco-anxiety among Italian adolescents: a national survey and intervention on climate change awareness
12	Johannes Keil	Putting Knowledge and Evidence into Action by leveraging collective, global intelligence for primary pandemic prevention in the wildlife
13	Anais Voski	Eco-emotions as the planetary boundaries: Framing human emotional and planetary health in the global environmental crisis

Poster Presentation Topics

	Presenter	Title of Abstract
PANEL 5		
1	Megan Deeney	Global health impacts of addressing the plastic pollution crisis: A life cycle assessment approach
2	Carolanne Caron / Shellyza Moledina Sajwani	Environmentally Sustainable Opportunities for Health Systems: Metered-Dose Inhaler Prescribing, Dispensing, Usage and Waste at The Ottawa Hospital
3	Sarah Jarvis	Integrating health, nutrition, and environmental impacts of foods: a life cycle impact assessment and modelling analysis of foods in Canada
4	Tulsi Modi	Identifying the research gaps in climate mental health in North America and Europe
5	Md Alamgir Haider	Strengthening Disaster Preparedness in Primary Healthcare: Lessons from Bangladesh Floods
6	Tamzin Reynolds, Rosemary Green	An umbrella review of health co-benefits from actions to reduce greenhouse gas emissions
7	Chiara Cadeddu	CARING NATURE: Climate neutRal Initiatives for Growing health and care Unmet Requirements
8	Winfred Espejo	Environmental and health risk assessment of toxic metals in settled dust after a sandstorm in Diego de Almagro, Chile.
9	Erica Timko Olson	Feasibility of a Nature Based Intervention in Young Adult Cancer Survivors
10	Mateus de Souza Ribeiro	Climate Change and Household Medication Storage: A Review about Potential Hazard
11	Maya Cosentino	Building Climate Change-Related Mental Health Resilience through Community-Based Social Identity, Collective Efficacy, and Positive Deviance
12	Dewika Naidu Munisamy Naidu	Investigating the Unseen: Exploring Microplastic Presence in Indoors Air

Poster Presentation Topics

	Presenter	Title of Abstract
PANEL 6		
1	Sara Khalid	Humanitarian costs of climate change: mapping the impact of 2022 Pakistan floods on disruption to education and health using earth observation and data fusion
2	Sudawadee Yasaka	Microplastic Contamination in rivers: a survey from Nan River, Thailand
3	Hector Gabriel Corrale de Matos	Hearing loss and climate change: a narrative review of planetary health determinants
4	Sara Khalid	Predicting malaria outbreaks using earth observation measurements and spatio-temporal deep learning modelling: a South Asia case study from 2000 to 2017
5	Sara Khalid	Changes in environmental and socioeconomic determinants of child health: a descriptive analysis of spatio-temporal movement patterns of 237,316 children
6	Sara Khalid	Does hot weather affect physical activity and sleep: a retrospective cohort analysis of 90,434 individuals from the UK Biobank
7	Hector Gabriel Corrale de Matos	Climate Change and hearing care needs: a narrative review
8	Habeebullah Jayeola Oladipo	Spillover of Zoonotic Pathogens Prevention at Human-Animal Interface in South-Western Nigeria: The Iangan Experience
9	Nelzair Araujo Vianna	Exposure of green and blue areas and effects on cardiovascular health in participants in the Longitudinal Study of Adult Health (ELSA-Brazil)
10	Habeebullah Jayeola Oladipo	Integrating Traditional Medicine and Planetary Health: Mentoring Research Network as an Intercontinental Approach for Global Wellness
11	Henna Hundal	Probing Climate Change and Mental Health Connections Through AI Art
12	Ooi Pei Boon	Psycho-Environmental Resilience: A Survey Exploring the Nexus of Psychological Traits, Nature Connection, and Quality of Life among patients with Rheumatoid Arthritis
13	Yusuf Amuda Tajudeen	Investigating the risk of zoonotic pathogen spillover at human-animal interface in a biodiversity hotspot in Ibarapa District of South-Western Nigeria: A Descriptive Study
14	Iris Martine Blom	A Systematic Review to Identify the Effectiveness of Greenhouse Gas Mitigation Interventions for Healthcare Systems in Low- and Middle-Income Countries
15	Junyi Zhang	Great Acceleration in China: Progresses and Challenges in the Transport Sector
16	Elle Gallarano	Making an Impact on Climate & Health in LMICs with DHIS2: A Project to Support Climate Resilience Strengthening for National Health Systems

Poster Presentation Topics

	Presenter	Title of Abstract
PANEL 7		
1	Woo Pei Jun	Ignorance is bliss. Is that true?": Unravelling the Determinants of Plastic Recycling Intentions and Behaviors
2	Mohamed Kheireddine Aroua	APPLICATION OF CARBON CAPTURE TECHNOLOGIES AND ARTIFICIAL INTELLIGENCE FOR LOW CARBON FUTURE
3	Mohamed Kheireddine Aroua	TRANSFORMING PLASTIC WASTE INTO BIOCHAR: THE MIRACLE CARBON MATERIAL FOR COMBATING CLIMATE CHANGE (SDGS 12 AND 13)
4	Wo Su Woan	Validation and Measurement Invariance Across Age and Gender of the Pro-Environmental Behavior (PEB) Scale in Malaysia
5	Nurfadhina Mohd Sharef	Precision Biodiversity Through Predictive and Prescriptive Conservation Plan in Artificial Intelligence-based Ecology Simulator
6	Nilanjan Bhor	Precision Biodiversity Through Predictive and Prescriptive Conservation Plan in Artificial Intelligence-based Ecology Simulator
7	Pantip Hinhumpatch	Formalin Contamination in Fresh Vegetables: A Health Assessment among University Students in Thailand
8	Esther Onyango	Towards a Conceptual Systems Model of Agri-Food Systems Transitions and Human Health Outcomes: A Systematic Literature Review
9	Natthapong Proysurin	Phosphate Adsorption from Aqueous Solutions by Composite Media Derived from Water Treatment Sludge and Spent Coffee Grounds
10	Niñoval Flores Pacaol	Attitudes, Intentions, and Barriers Towards Plant-Based Diet (PBD): A Discourse with Filipino Students
11	Winfred Espejo	Risk Assessment of Rare Earth Elements in Urban Soil: A Case Study of ChillanChile.
12	Ben Delbaere	The development of a Gender, Inclusion and Diversity Framework: An urgent call for inclusive Nature-based Solutions.
13	Kanako Masuno	EAT-LANCET DIET PROJECT IN JAPAN: ADHEARANCE AND BOTTLENECKS AT THE SCHOOL CAFETERIA
14	Lam Sook Theng	Developing Sustainability Assessment Metric to Facilitate Implementation of Rooftop Solar PV for Retrofit Residential, Industrial and Commercial Buildings
15	Irina Lerner	Effects of sharing and sparing green urban areas on the provision of ecosystem services
16	Mattia	Urban Morphology and Health Outcomes in Italian Cities
17	Urvi Thanekar	Leading and managing sustainability transitions: Exploring potential Scope 3 co-benefits of renewable energy in health systems.
18	Hong Qing Yeng	Bridging the Gap: Economic Influences on Climate Change Attitudes and Behaviours in the EU, and Broader Lessons for Developing Countries.
19	Denny Ng	Biomass Pathway Assessment for Decarbonization Opportunities in Malaysia
20	Nitesh Lohan	The Impact of Urban and Rural Waste Disposal Practices on Vector-Borne Disease Transmission in India
21	Filipi Miranda Soares	Fruits of Collaboration: the contribution of the 'Pomar Urbano' initiative in promoting the monitoring, conservation and use of fruit-bearing plants in Brazilian cities

Poster Presentation Topics

	Presenter	Title of Abstract
PANEL 8		
1	Jennifer Cole	Oppressive Heat : Heat Stress, Debt Bondage and British Overseas Investment in Cambodian Construction
2	Hashim Ulrich Hounkpatin	How are health systems in sub-Saharan Africa adapting to protect human health from climate change threats?
3	Connie Gan	Exploring Context-Specific Perspectives: A Qualitative Study on Building Climate Resilience Healthcare Facilities in Southeast Asia
4	Chai Lim Choong	Renewable Energy Generation for Whom? A Southeast Asian Perspective on an Equitable Energy Transition
5	Dinesh Bhandari, Zerina Tomkins	Adaptation Strategies to Protect Maternal and Child Health from Climate Change Impacts
6	Claudia Robbiati	Diversity, equity and inclusion in One Health could crucially support prevention of health threats, but a change in mindset is needed.
7	Anna-Lena Klapp	A global analysis of national dietary guidelines on plant-based diets and substitutions for animal-based foods
8	Christina Brux	Building a National Planetary Health Network: The Norwegian Planetary Health Alliance (NORPath)
9	Nelzair Araujo Vianna	The Use of Expertise in Public Policy in Brazil
10	Sarah Whitmee	Pathways to a healthy 'net zero' future: The Pathfinder Initiative.
