20	Oladeji	Poor And Proper Solid Waste Management Practices In Rural And Urban Municipalities In Nigeria: A Student Engagement Project	Obafemi Awolowo University, Ile-Ife 2. Planetary Health Alliance, Washington DC
21	Mehran Behjati	Federated Learning for Environmental Monitoring: Concepts, Challenges, and Future Directions	Sunway University, Malaysia
22	Janaka Jayawickrama	Ancient Pedagogical Approaches from South Asia to Facilitate Contentment, Humility, and Inclusivity: Transforming Education for Human and Planetary Health	Shanghai University, China
23	Muhammad Lokman Bin Md Isa	Planetary Health Education for Sustainable Health System: From Perspective of IIUM Healthcare Academicians	Institute of Planetary Survival for Sustainable Well-being (PLANETIIUM), International Islamic University Malaysia
24	Paula Regina Humbelino de Melo	The perception of riverside students about mining in the Southern Amazonas State	Federal University of Rio Grande do Sul, Brazil
25	Niñoval Flores Pacaol	The In(visibility) of Planetary Health Integration in Philippine Basic and Higher Education: Musings of Filipino Teachers	Eastern Visayas State University

26	Cindy J. Xie	Cultural Transformation for Planetary Health”: The Co-Creation of a Campus Movement through Participatory Convening and Dialogue	Massachusetts Institute of Technology, USA
27	Monisha Chinthala	The Planetary Health Student Club - Dental Students meet Climate Consciousness	Vokkaligara Sangha Dental College and Hospital
28	Elias C. Nyanza	The SOPHEA Planetary Health Education Toolbox – a resource for strengthening education on the connections of climate, environment and health	Catholic University of Health and Allied Sciences, Tanzania
29	Fiona M. Hanley	Nursing Toolkit for Planetary Health	Canadian Association of Nurses for the Environment, McGill University
30	Janna Radi Mohamed	Enhancing Planetary Health Education through Online Global Classrooms: a case study of Kenya and Canada	University of Toronto, Canada
31	Gina A. Friel	Nursing Climate Resources for Health Education (N-CRHE): Bridging the Gap between Assessment and Action	Columbia University, US
32	Mateus de Souza Ribeiro	Blue Dot Exhibition: An Online Project in Planetary Health Scientific Outreach	Santa Marcelina College
33	Gabriela Reis Silva Paes	Assessment of the level of knowledge on Planetary Health among medical students in Salvador, Bahia, Brazil	The Federal University of Bahia, Brazil
34	Winfred Espejo	Literary Activity: Environmental Transformation to Make Environmental Impacts Visible	Universidad de Concepción, Chillán, Chile
35	Winfred Espejo	Implementation of a Planetary Health Course for Undergraduate and Graduate Students at the Universidad de Concepción, Chile	Universidad de Concepción, Chillán, Chile
36	Madeline G. Faubion	Operationalizing planetary health thinking through a peer-led graduate student cohort	University of Minnesota, US
37	Tze Ying Sim	Implementation of unplugged computational thinking activities to increase the interest and skills in programming	Sunway University
38	Paula Regina Humbelino de Melo	Biodiversity or ultra-processed food? An analysis of school meals offered in a riverside school in the Brazilian Amazon	Federal University of Rio Grande do Sul, Brazil
39	Teow Hui Hui	Bridging the Green Education Divide: A Comparative Case Study Analysis of ASEAN Countries	Sunway Institute for Global Strategy and Competitiveness, Sunway University, Malaysia
40	Doris Zjalić	PERSIST: a pre-post study to assess an educational methodology to enhance youth climate literacy and systems thinking ability	Università Cattolica del Sacro Cuore, Rome, Italy

41	Eva-Maria Schwiendorst-Stich	Effects of the SOPHEA Planetary Health Summer School 2022 & 2023 on participants emotions, attitudes, learning successes and motivation to act - a pre-post survey	University Hospital Würzburg, Würzburg, Germany
42	Alice M. L. Li	Ecological Public Health: Sustainable Caring Praxis for Planetary Health Nursing	Hong Kong Metropolitan University
43	Laís Mayumi Yamanouchi Tsuzisaki	Promotion of health and academic success to undergraduate students: an educational program focused on planetary health fundamentals	Mackenzie Presbyterian University, São Paulo - Brazil
44	Daniel Smith	Interdisciplinary Planetary Health Courses: Challenges and Successes in Engaging Learners	Villanova University
45	James Chrispin Mushi	Planting the seeds of planetary health - Integrating planetary health at universities and higher learning institutions in Tanzania through University Planetary Health Clubs and Planetary Health campus ambassador program	Catholic University of Health and Allied Sciences, Tanzania
46	Lisanne Kouwenberg	Integrating Planetary Health Education into the Master's Medical Curriculum: A Case Study from the University of Amsterdam	Amsterdam UMC
47	Mitsuo Sase	Grassroots effort for sustainable healthcare in Japan by using The Planetary Health Report Card	Nagasaki University
48	Joab Jefferson da Silva Xavier	Climate changes and effects on the global Age-Friendly City strategy	Oswaldo Cruz Foundation – FIOCRUZ Bahia, Brazil
49	Paula Regina Humbelino de Melo	Water Crisis and Planetary Health: Dialogues with Riverside Students in Southern Amazonas	Federal University of Rio Grande do Sul, Brazil
50	Paula Regina Humbelino de Melo	Biocultural Memory and Planetary Health: A study of nature perception among riverside students in the Brazilian Amazon	Federal University of Rio Grande do Sul (UFRGS), Brazil
51	Sara L Warber	"Thrive! Healthy People – Healthy Planet:" An International Health Center-based Photography Exhibition Expands Understanding and Invites Action	University of Michigan Medical School, USA
52	Winfred Espejo	The Implementation of the Toxicology and environmental health for Undergraduate at the Universidad de Concepción, Chile	Universidad de Concepción, Chillán, Chile
53	Joanne Newbury	Association of early-life air and noise pollution exposure with youth mental health: Findings from the ALSPAC cohort	University of Bristol & King's College London, UK
54	Anaïs Voški	Eco-emotions as the planetary boundaries: Framing human emotional and planetary health in the global environmental crisis	Stanford University

55	Juliane Mirow	Green Health: How to Decarbonise Global Healthcare Systems	Maastricht University, Netherlands
56	Aaliya Aaliya	Health Impacts from Changes in Climate and Land Use Patterns in Earthquake-Impacted Siranchok Rural Municipality of Gorkha, Nepal	Duke University, Durham, NC, USA
57	Sanjay Kini	Knowledge, attitude and practice of physicians and nurses towards monkey pox in a tertiary care hospital in Kochi, Kerala, India: a neglected tropical disease	Kasturba Medical College, Manipal Academy of Higher Education, Manipal, India
58	Pickett I	'The earth, the heavens, the mountains, and the camel': A photoethnographic study of the relationship between the Bedouin and their camels in the context of zoonotic disease risk	Royal Veterinary College, London, UK
59	Aminat Olaitan Adebayo	Nature's Healing Touch: Exploring Psychological and Emotional Benefits of Immersion in the Natural Environment	University of Ibadan, Nigeria
60	Keteli Conceição Batista	Sociodemographic factors and its correlation with communicable diseases in the city of São Paulo/ Brazil: an observational study	Mackenzie Presbyterian University, São Paulo - Brazil
61	Elise Pohl	Examining local and global public health impacts of atmospheric and airborne emissions from US-based CAFO waste: A scoping review	Queen Mary University of London
62	Daniele Clementino Ponciano Ferreira	Climate change and anxiety: a scoping review of eco-anxiety	University of São Paulo, Brazil
63	Connie Gan	CORE-STEP: Advancing Innovative Knowledge-based Solutions for Inclusive and Climate Ready Primary Health Care Systems	Syiah Kuala University (Indonesia) and Griffith University (Australia)
64	Gaia Surya Lombardi	Pro-environmental behaviours and eco-anxiety among Italian adolescents: a national survey and intervention on climate change awareness	Università Cattolica del Sacro Cuore, Rome, Italy
65	Johannes Keil	Putting Knowledge and Evidence into Action by leveraging collective, global intelligence for primary pandemic prevention in the wildlife	GIZ (Deutsche Gesellschaft für Internationale Zusammenarbeit)
66	Megan Deeney	Global health impacts of addressing the plastic pollution crisis: A life cycle assessment approach	London School of Hygiene & Tropical Medicine, London, UK
67	Dewika Naidu Munisamy Naidu	Investigating the Unseen: Exploring Microplastic Presence in Indoors Air	Sunway University, Malaysia
68	Carolanne Caron	Environmentally Sustainable Opportunities for Health Systems: Metered-Dose Inhaler Prescribing, Dispensing, Usage and Waste at The Ottawa Hospital	Ottawa Hospital

69	Sarah Jarvis	Environmental & nutritional impacts of foods in Canada-A life cycle impact assessment and modelling analysis	University of Toronto, Canada
70	Tulsi Modi	Connecting Climate Minds: The Intersecting Climate Change and Mental Health in North America and Europe	Planetary Health Alliance, Washington, DC, USA
71	Md Alamgir Haider	Strengthening Disaster Preparedness in Primary Healthcare: Lessons from Bangladesh Floods	Pathfinder International
72	Tamzin Reynolds	Pathways To a Healthy Net-Zero Future Pathfinder Initiative Review of Evidence	Centre on Climate Change and Planetary Health, London School of Hygiene & Tropical Medicine (LSHTM)
73	C. Cadeddu	Caring Nature: Climate Neutral Initiatives For Growing Health and Care Unmet Requirements	Erasmus University Rotterdam, Netherlands
74	Winfred Espejo	Environmental and health risk assessment of toxic metals in settled dust after a sandstorm in Diego de Almagro, Chile	Universidad de Concepción, Chillán, Chile
75	Erica R. Timko Olson	Feasibility of a Nature Based Intervention in Young Adult Cancer Survivors	University of Minnesota, USA
76	Mateus de Souza Ribeiro	Climate Change and Household Medication Storage: A Review about Potential Hazard	Santa Marcelina College
77	Maya Cosentino	Building Climate Change-Related Mental Health Resilience through Community-Based Social Identity, Collective Efficacy, and Positive Deviance	University of Bern, Bern, Switzerland
78	Ellern Eng Hui	Psycho-Environmental Resilience: A Survey Exploring the Nexus of Psychological Traits, Nature Connection, and Quality of Life among patients with Rheumatoid Arthritis	Sunway University, Malaysia
79	Usman Nazir	Humanitarian costs of climate change: mapping the impact of 2022 Pakistan floods on disruption to education and health using earth observation and data fusion	University of Oxford, UK
80	Kewalin Kongkamee	Microplastic Contamination in rivers: a survey from Nan River, Thailand	Naresuan University, Thailand
81	Hector Gabriel Corrale de Matos	Hearing loss and climate change: a narrative review of planetary health determinants	University of São Paulo, Brazil
82	Usman Nazir	Predicting malaria outbreaks using earth observation measurements and spatio-temporal deep learning modelling: a South Asia case study from 2000 to 2017	University of Oxford, UK

83	Scott Small	Does hot weather affect physical activity and sleep: a retrospective cohort analysis of 90,434 individuals from the UK Biobank	University of Oxford, UK
84	Aida Perramon-Malavez	Changes in environmental and socioeconomic determinants of child health: a descriptive analysis of spatio-temporal movement patterns of 237,316 children	University of Oxford, UK
85	Yusuf Amuda Tajudeen	Investigating the risk of zoonotic pathogen spillover at human-animal interface in a biodiversity hotspot in Ibarapa District of South-Western Nigeria: A Descriptive Study	University of Ilorin, Ilorin, Nigeria
86	Iris Martine Blom	A Systematic Review to Identify the Effectiveness of Greenhouse Gas Mitigation Interventions for Healthcare Systems in Low- and Middle-Income Countries	London School of Hygiene & Tropical Medicine
87	Junyi Zhang	Great Acceleration in China: Progresses and Challenges in the Transport Sector	Southeast University, China
88	Hector Gabriel Corrale de Matos	Climate Change and hearing care needs: a narrative review	University of São Paulo, Brazil
89	Habeebullah Jayeola Oladipo	Spillover of Zoonotic Pathogens Prevention at Human-Animal Interface in South-Western Nigeria: The Igangan Experience	University of Ilorin, Ilorin, Nigeria
90	André Moreira Fraga	Exposure of green and blue areas and effects on cardiovascular health in participants in the Longitudinal Study of Adult Health (ELSA-Brazil)	The Federal University of Bahia, Brazil
91	Elle Gallarano	Making an Impact on Climate & Health in LMICs with DHIS2: A Project to Support Climate Resilience Strengthening for National Health Systems	University of Oslo, Norway
92	Vanessa Goes	Integrating Traditional Medicine and Planetary Health: Mentoring Research Network as an Intercontinental Approach for Global Wellness	Federal University of Rio de Janeiro, Rio de Janeiro, Brazil
93	Henna Hundal	Probing Climate Change and Mental Health Connections Through AI Art	Stanford University School of Medicine, Stanford, CA. USA
94	Woo Pei Jun	Ignorance is bliss. Is that true?": Unravelling the Determinants of Plastic Recycling Intentions and Behaviors	Sunway University, Malaysia
95	Aisyah Ilyani Ismail	Application Of Carbon Capture Technologies and Artificial Intelligence for Low Carbon Future	Sunway University, Malaysia
96	Farihahusnah Hussin	Transforming Plastic Waste Into Biochar: The Miracle Carbon Material For Combating Climate Change (Sdgs 12 And 13)	Sunway University, Malaysia

97	Wo Su Woan	Validation and Measurement Invariance Across Age and Gender of the Pro-Environmental Behavior (PEB) Scale in Malaysia	Sunway University, Malaysia
98	Nurfadhlina Mohd Sharef	Precision Biodiversity Through Predictive and Prescriptive Conservation Plan in Artificial Intelligence-based Ecology Simulator	Universiti Putra Malaysia
99	Nilanjan Bhor	A study on Analyzing Socio-Spatial Distribution and Equity in Access to Urban Parks in Bengaluru, India	Indian Institute for Human Settlements, Bengaluru, India
